

Congratulations on being a successful applicant for a Beverage Container Recycling Grant in 2011. See attached list.

Role of Grant Recipients

Help your community to have fun with your project. Enjoy the financial support from the Coca-Cola Foundation and the administrative support from Keep Australia Beautiful.

Please remember to track your progress and measure the results of your project as a final report outlining your activities and how much waste was diverted from landfill/materials recycled will be required.

Full details are available from your State and Territory Keep Australia Beautiful Office or from the website where you will find relevant documentation, a report template, logos and other useful information at <http://kab.org.au/what-we-do/beverage-container-recycling-grants/>

Role of State and Territory Keep Australia Beautiful Offices

Your local Keep Australia Beautiful office contacts will be administering the grants. They will arrange payment, collect the payment details and your final reports. They are your first contact for any comments or questions regarding the administration and financial aspects of the program, whilst the national office will assist with local PR and Media activity.

Role of National Keep Australia Beautiful Office

The national office will be overseeing the program and managing media relations around the announcement of the grants and the results achieved.

Lara Shannon and her team will contact you to arrange a photo opportunity for the local media to announce your grant win. We will endeavour to involve representatives from Keep Australia Beautiful and from Coca-Cola in the media opportunity. Please be ready to advise Lara as to who will be your media liaison contact and who the media spokesperson will be.

Please do not approach the media regarding your grant win until Lara has been in contact with you. Alternatively you can reach Lara on 03 9592 4001, 0415 076 015 or laras@kab.org.au
