### **Lancelin & Districts Lions Club wins community grant from Keep Australia Beautiful to increase beverage container recycling**

Lancelin & Districts Lions Club has received a \$6,900 community grant to increase beverage container recycling in Lancelin and reduce waste being sent to landfill.

The Keep Australia Beautiful grant, funded by The Coca-Cola Foundation, will enable the Lancelin & Districts Lions Club to install the infrastructure necessary to run the district's recycling depot.

The focus of the \$170,000 nationwide Community Grants Scheme is on increasing away from home recycling, through practical projects that leave a legacy and do not duplicate existing recycling activities. Project results must be measurable and show how recycled materials are being collected and diverted from landfill.

Lancelin & Districts Lions Club was awarded a grant, along with four other Western Australian community projects, so that they could purchase and install two holding and lifting bins which can be used for the storage of materials waiting to be recycled. The project includes large bins where locals can drop off their recyclables, making recycling easily accessible to the community.

Jennie Anderton, CEO of Keep Australia Beautiful WA, said "Lancelin & Districts Lions Club was selected as their project provides a clear and tangible outcome for increasing the recycling rate of beverage containers in public places."

"With only just over half the total waste produced in Australia each year being recycled, this project provides an option for the public to recycle their beverage containers and provides a simple solution for residents to dispose of recyclables."

Michael Tomas, President of the Lancelin & Districts Lions Club, said, "We are delighted to receive this grant from Keep Australia Beautiful and The Coca-Cola Foundation. We are keen for our community to play a role in increasing the recycling rates of beverage containers and this grant will help assist with providing the infrastructure and recycling education needed to engage the public in this process."

## **Editor's Notes:**

### **Results from the 2010 Beverage Container Recycling Grants**

In 2010, 26 projects were awarded funding. Those that have reported results so far show that a total of \$130,016.03 in grants resulted in 215,440.08 kilos of recycled material at an average cost of 60c per kilo.

The success of the grants program is not only measured by recycling figures, but also takes into account the increased awareness and promotion of away from home recycling and the ongoing recycling outcomes in the long term due to increased infrastructure and facilities for the local area or event.

### **About Keep Australia Beautiful**

Keep Australia Beautiful seeks to lead, challenge and inspire all Australians to strive for a sustainable and litter free environment. National programs include the Australian Sustainable Community Awards consisting of Tidy Towns and Sustainable Cities; the National Litter Index (results released in August) and Keep Australia Beautiful Week (22-28 August in 2011).

### **About The Coca-Cola Foundation**

The Coca-Cola Company is a local business on a global scale. As our business has expanded over the years, so our community support has grown to create and support projects most relevant to local communities around the globe. We are committed to investing our time, expertise and resources to help develop and maintain vibrant, sustainable and local communities.

Established in 1984 (and wholly funded by The Coca-Cola Company), The Coca-Cola Foundation helps keep that commitment every day by partnering with organizations around the globe to support initiatives and programs that respond in a meaningful way to community needs and priorities.
