Letter to the Editor
Manly Daily

The certificate is there to share

Thank you for the front page coverage on 26 May of North Steyne Beach receiving the Keep Australia Beautiful Australian Clean Beaches Award. This award acknowledges the combined efforts of community, business and government and was presented to the surf club on behalf of the North Steyne community.

A letter to the editor the next day pointed out that all members of the community that care for the beach should also be acknowledged which is a sentiment that we heartily support.

That is why we always put the certificate on our website for everyone to share. The certificate acknowledging the success of North Steyne Beach is available to all residents at www.kab.org.au/beaches then NSW.

Scott Lyall
